- Malmo
- Tirana

## Total network budget

**€849,730**

## EU funding

**€54.629**

# LET'S GO CIRCULAR!

## Paving the way for a circular transition of cities

The Municipality of Tirana, collaborating within the LET'S GO CIRCULAR! project alongside various cities, aims to develop its distinctive action plan. By engaging in this network, Tirana endeavors to craft a comprehensive strategy for a circular economy, emphasizing resource recycling and urban environmental improvement. This initiative aims to create a bespoke action plan tailored to Tirana's specific needs, promoting efficient resource management and advocating for circular economy principles in its urban landscape.
